The American Auto Club UK is more than just another car club – it is considered by many to be the most active organisation in its field. The club was founded in 1981 and is now the largest club in the UK for the American enthusiast. We organise several major events each year, attracting American vehicles of all types and vintages, including cars, trucks, motorbikes, motorhomes and vans. Our shows are well supported by trade stands, and we strive to present the best live music and entertainment, as well as providing activities for junior members.

Members of the AAC UK receive a monthly full colour magazine, which is packed with club news, articles on member's cars, show reports, details of upcoming events, technical tips and advice, advertising related to the American car scene and a free classified section. We also have a very comprehensive website with an active forum, where members can go to meet other members, get advice, arrange get together and find out more about the scene in general.

The AAC UK has area representatives across the UK, as well as in many other countries including the USA and Canada. The UK based reps arrange and run monthly meets, activities and local shows, whilst the International reps offer advice on location of cars, parts, holidays etc. We also offer an annual holiday to the States with reduced rates for club members.

The AAC UK is sponsored by automotive companies, including insurance, spares and car importing, all of whom offer discount to club members. The club is recognised by the DVLA and can assist members to obtain age related registration numbers.

**Quote from Classic American Magazine – “The American Auto Club UK are among the most professional organizers in the country”.**
